CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

SPECIAL CONDITIONS AND SPECIFICATIONS

THE INDEPENDENT COMMISSION FOR THE REMUNERATION OF PUBLIC OFFICE BEARERS AS AN ORGAN OF STATE SUBSCRIBES TO NOTION OF BROAD BASED BLACK ECONOMIC EMPOWERMENT (BBEE) ACT, No. 53 of 2003 AND THE PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT, No. 5 of 2000 AND ITS REGULATIONS OF 2011

<p>REVIEW OF THE REMUNERATION OF POBs IN THE LEGISLATIVE AND EXECUTIVE SECTORS FOR 12 MONTHS</p>

1. OBJECTIVE OF THE REQUEST FOR PROPOSALS/BIDS (RFP)

- 1.1. **The objective of this request for proposals (RFP) is to appoint a Service Provider to review the salaries, allowances and benefits of all public office bearers (POBs) positions within the Legislative and Executive Sector.**

2. BACKGROUND

- 2.1 The Independent Commission for the Remuneration of Public Office Bearers (the Commission) was established in terms of section 219 of the Constitution of the Republic of South Africa, Act 1996 (the Constitution).
- 2.2 The Commission is mandated in terms of section 8(4) and 8(5) of the Independent Commission for the Remuneration of Public Office-Bearers Act, Act No 92 of 1997 (Commission Act), to make recommendations on salaries, allowances and benefits of Public Office-Bearers (POBs) and the resources required by them to enable them to perform their respective duties effectively.
- 2.3 Section 219 of the Constitution provides that an act of Parliament must establish a framework for determining:
- the salaries, allowances and benefits of the members of the National Assembly, permanent delegates of the National Council of Provinces, members of the Cabinet, Deputy Ministers, traditional leaders and members of any councils of traditional leaders; and
 - the upper limit of salaries, allowances or benefits of members of provincial legislatures, members of Executive Councils and members of Municipal Councils of the different categories.

- 2.4 In 2006, the Commission embarked on a comprehensive process to review POBs' remuneration due to the fact that the old remuneration system (notch system) was antiquated and needed to be abolished. A service provider was appointed to assist the Commission with the entire review process, which included job profiling, job evaluation, job grading, benchmarking and fixing appropriate pay levels. Due to the nature of POBs' positions a combination of four job evaluation methods (Peromnes, T.A.S.K., Execeval and SKAN) were used for evaluating the positions.
- 2.5 Various senior public executive positions were used to benchmark POBs' positions. Benchmarking was also done against comparable positions in the private sector.
- 2.6 The Commission finally agreed that POBs should be remunerated in terms of a fair, equitable and flexible total remuneration structure.
- 2.7 The Commission published the first review report in 2007 which led to the development of the Commission's second major review report.
- 2.8 The second major review focused on the pension and medical aid benefits. The review consisted of different phases. In most of these phases the Commission used a service provider with specific expertise in benefit analysis and design.
- 2.9 The first phase consisted of the collection and analysis of data regarding current benefits. The second phase consisted of direct consultations and consideration of written submissions from stakeholders. During the third phase, the Commission did a costing of stakeholder proposals as well as different options of benefit design for each POB position. In the fourth phase, the Commission made pension and medical aid recommendations.
- 2.10 In addition to the legislative requirement to make annual recommendations on POBs' remuneration, the legislation obliges the Commission to publish annual recommendations relating to the resources ("tools of trade") that are necessary to enable a POB other than a member of the judiciary (including magistrates) to perform the POB's functions effectively. During 2011, the third major review report was published on the review of tools of trade for relevant POBs.
- 2.11 During the first major review, a review of the remuneration of councilors was conducted under the leadership of the then Department of Provincial and Local Government (now Cooperative Governance and Traditional Affairs (COGTA)). To avoid a duplication of the review process, the Commission did not embark on a full review of the remuneration of Local Government POBs.
- 2.12 Consultations were held in 2010 with the Minister of Co-operative Governance and Traditional Affairs and various stakeholders in Local Government during which many challenges pertaining to the remuneration off POBs in Local Government were identified.
- 2.13 As a consequence thereof, the Commission appointed a service provider to review the remuneration of POBs in Local Government in May 2015.

3. CURRENT SITUATION (CONTEXT)

- 3.1. Significant changes in the socio and economic demographics play a significant role in the determination of remuneration. Currently, the Commission is faced with challenges due to numerous developments that affected the economy (i.e. labour unrest, income inequalities, and pension and taxation reforms) and calls for rationale Constitutional parity of POBs positions.
- 3.2. The Commission acknowledges the fact that since major review reports the annual recommendations focused only on inflationary adjustments to salaries which has raised concerns from certain stakeholders that the Commission did not consider section 8 (6) of its legislation fully.
- 3.3. Weaknesses and shortcomings of the current remuneration structures of POBs include no differentiation in levels of remuneration for POBs with long periods of service as the notch system was replaced by a 'cost to company' package. Those who have served multiple terms receive the same remuneration package as those who are serving their first term.
- 3.4. These weaknesses and shortcomings have become unsustainable in more than one way and need to be addressed. Adequate differentiation in remunerating POBs should be employed for equity sake.
- 3.5. Retention and incentive measures must also be considered and the existing structure does not accommodate these. A new, appropriate system for remunerating POBs should be developed and implemented.
- 3.6. The best practices regarding job evaluation require the position to be evaluated after 3 years due to certain changes affecting it over time. It is envisaged that POBs positions should be reviewed after five (5) years because of the tenure of office in some instances and a change in job description in others.
- 3.7. The submissions received by the Commission will require the Commission to undertake a major review in order to respond to stakeholders.
- 3.8. The Commission noted that the next remuneration review will provide an opportunity to the Commission to consider all elements as prescribed in its legislation rather than just focusing on one element like inflation. To keep up with the developments in the remuneration practices the Commission resolved to review the remuneration of POBs holistically.

4. SCOPE AND EXTENT OF WORK

- 4.1 The enlisted service provider will conduct a review of the existing remuneration framework applicable to POBs within the Executive and Legislative sectors with the following specific objectives:

- 4.1.1 A report on the comparison of the current salary structure with other relevant and appropriate salary structures, obtained from benchmarking exercises conducted in relevant countries outside South Africa (at least 5).
- 4.1.2 Review of profiles and grading of positions within the organisational hierarchy and updating of these records as and when appropriate.
- 4.1.3 An analysis of and a detailed report on existing conditions of services, salaries, allowances and other benefits (pension and medical aid) before and after tax deductions, pertaining to the relevant institution and role.
- 4.1.4 A report with comparisons on salary, benefits and incentives in relation to positions of similar level in the public sector and comparable positions in private sector.
- 4.1.5 A report on the resources necessary to enable an office bearer to perform his or her functions effectively, with due regard to the constraints imposed by the South African economy.
- 4.1.6 A comprehensive proposal on an integrated remuneration structure for all POBs.
- 4.1.7 The scope and the definition of the work will cover a representative sample of all POBs within Executive and Legislative Sectors.
